Dear Tom & Mike,

On behalf of everyone involved in The 2011 Chicago Bar Foundation Investing in Justice Campaign, I want to congratulate you and your colleagues at Ungaretti & Harris LLP on your tremendous success during the 2011 Campaign. Before this year's Campaign officially kicked off, we challenged everyone to reach for at least a 50% participation rate among all individual attorneys, and you and your team should take a great deal of pride in having exceeded that goal.

What we have accomplished together in the Campaign this year will have a lasting impact in the lives of many people who otherwise would have little hope of accessing the legal help they so urgently need. And what we once again have shown to the larger community, and to our colleagues across the country, is that when Chicago's legal community is called upon to make a difference, we step up in a big way and get the job done.

The success of our collective efforts is a testament to what is possible when we come together and focus our energies on a common cause. I commend you for the notable accomplishments of your internal efforts and for your dedication to our collective success in the CBF Investing in Justice Campaign.

Regards,

Bill
